STOCK AND BOND SUBSCRIPTION

The Chicago and South Side Rapid Transit Railroad Company is a corporation organized under the Laws of the State of Illinois, and was, on the 26th day of March. 1888. granted the right, by the city of Chicago, to construct and operate an elevated railroad within the municipal limits, and to secure by purchase or condemnation, and to own a right of way 80 feet in width along its route, except where intervening streets are cr -greater widths being fermitted where needed for stations,

No similar right has ever before been granted by the city of Chicago.

That element which has proved so dangerous to the levated railroads of New-York, of vast and undefined claims by owners of property abutting on atreets for damages not foreseen or provided for in the financial plans of the companies, and the disputing of which has created so much popular prejudice, is eliminated in the plans of this company by the simple and just expedient of taking in the ordinary way all needed real estate, with due ompensation to the owner.

The portion of the railroad now under contract for immediate construction begins at Van Buren-st., near the business gentre of the city; runs due south for nearly four miles, adjacent to State at, and Wabash and Michiga aves. (which may be likened to Broadway, Fifth-ave, and Madison-ave, in the city of New-York), to the present southerly limit of the city of Chicago; and thence for our miles through the most populous and growing suburb

of the city. The grant by the city of Chicago to this corporation is most liberal in its provisions as to the route a and as to the right of the company, by purchase or con-demnation, to secure and own its right of way, and is accompanied by well-considered conditions which insure to the city and to the investor the most approved form of elevated structures, both for safety and permanence, and elsevated structures, both for safety and permanence, and the latest and heat mode of equipment and operation. It was passed with but one dissenting vote, and received the prompt signature and approval of the Mayor. The value of the securities of Chicago City Rallway companies furnishes no exception to the general rule of the value of similar securities in other large cities. In fact, it may be safely said that such securities have efford better connectionities of invariance that the

offered better opportunities of investment than those

any other city in this country.

As an illustration, and by no means an exceptional in stance, the present stock of the City Cable Co. Chicago, whose lines the route of the Chicago and South Side Rapil Transit Railroad Company parallels and divides, is now stiling at over three hundred dollars per share, the par being one hundred dollars (\$100), and the total laster \$4,000,000. Its corporate notes or debentures aggregate Of these \$4,000,000 have been usued, last issue of which (\$1,000,000) bears interest at 4 per

ont and now sells at 90 per cent.

The grant to the Chicago and South Side Rapid Transit Railroad Company permits it to build and operate three tracks. It is intended at present to build two of such tracks, reserving the building of the third for a time when demands of rapid transit shall require additional facili

It is difficult to overestimate the value of this track, for the travel, at the busiest hours in the mornin being in one direction, and in the evening in the opposit direction, the three tracks will do substantially the service which would ordinarily require four tracks.

It is well understood that if to-day the New-York

elevated roads had the right to construct and operate a third track, the requirements of rapid transit in that city would be solved for many years to come The total amount of securities to be issued upon the first section (about eight miles) is as follows: 75,000 shares of capital stock, of the par value \$7,500,000

75,000 shares of capital scott, of the par value \$7,500,000 of \$100 each.
7,500 first murigage 6 per cent gold sinking fund 46 year bonds of the par value of \$1,000 citch \$7,500,000.

Of the above the undersigned now ofters, for account of the Construction Company, 45,000 shares of the Capita Stock, of the par value of \$100 each, and 4,500 of the Pirst Mortgage 8 per cent Gold Bonds, of the par value of \$1,000 each, for which books of subscription will be opened on the 5th of May, and closed on Tuesday, the 8th of May,

The bends are secured by a first lien upon all the franchises of the corporation, upon all the right of way of the first section of said railway, and upon all the equip-ment to be furnished for said first section pursuant to the

mstruction contract.
The bonds are Forty-Year Six Per Cent Gold, of the denomination of \$1,000 each, with Coupons stached and privilege of registration, dated April 1st, 1888, interess payable April 1st and October 1st, at the Knickerbocker Trust Co., in the City of New-York, cannot be redeemed before maturity, and are provided with a sinking fundi clause, to commence five years after date of the mortgage, providing for an application of one per cent of the yearly presentings of the Company for their redemption, and will be delivered in exchange for the Trust Company's receipt on or before the 15th day of November, 1888, interest to

he adjusted at coupon rates.

Applications will be received for bigcks of equal amounts of stock and bonds, at 110 per cent of the par thereof for the bonds, and 90 per cent of the par thereof for the stock. No application will be received for less than 50 shares of stock or \$5,000 of bonds.

Payments under allotment will be made to the Knickerbocker Trust Co., and to the Central Trust Co., and will be called for an follows:

30 per cent. on allotment; 30 per cent. in sixty days from the date of allotment; 20 per cent. in four months from the date of allotment; and the final pay-20 per cent. in six months from the date of allotment.

Negotiable receipts, upon which instalments will be in Accounts receipts, upon which instalments will be indersed as paid, will be issued by the Trust Companies, and
upon the final payment, and upon production for cancelintion of such receipts, the securities will be delivered. The
moneys thus received by the Trust Companies will be held
by them and paid out only as the same shall become due
and payable to the contractor, pursuant to the terms of
such receipt.

The right is reserved to make any allotment under applications or to reject applications, and, further, to appor-tion and allet any over application made in any place, to any of the other places named, in such proportions as may be determined, or to close the subscription on any day JONES, KENNETT & HOPKINS,
